Result: _____ beat _____ by _____ points

Guidance notes

- 1 - Enter players names ABC for home team and XYZ for away team. Each player to keep the same letter throughout the match.
- 2 - Each set consists of four games starting 0-0 and played up to 11. Enter first game in column 1 under appropriate team and second, third and fourth games in columns 2, 3 and 4.
- 3 - Refer to Handicap conversion chart and enter in column 5 of player receiving points, the number he or she received whilst leaving column 5 of opponent blank.
- 4 - Add the scores and handicap in columns 1-5 and enter in column 6.
- 5 - At the end of the match, columns 6 are to be totalled up, together with an extra 3.5 points for the visiting team. The team with the highest amount of points in entire match wins. (Where two teams play each other who would normally play their home matches at the same venue, the Away team should cross off 3 of the 3.5 points away disadvantage so that they are only awarded 0.5 points)
- 6 - Any walkovers are entered in column 6 as offenders 0 - Opponents 12.
- 7 - Column 7 to be used for running total.
